STACER

DAWN DUTY
The first rays of sun illuminate mist rising from the glassy water, disturbed only by the sounds of the waking birds morning calls and water lapping against your Stacer... now that's dawn duty.

FAMILY MOMENTS

Whether it's their first fish or the one that got away, there are endless family moments just waiting to be lived in a Stacer. Live, laugh and play.

CHOOSE YOUR

ADRENALIN SEEKING

If it's boats that get your blood pumping and your heart thumping, then why wait? Whether its offshore fishing, wakeboarding or water skiing, start your next thrill-seeking adventure with a Stacer!

TIME OUT

Don't get stuck on auto pilot, take a time out from the 'everyday' and make your weekends special. Recharge your batteries with no computers, emails, video games... just quality time with you, friends and family.

ROMANTIC ESCAPES

Always dream of escaping to your own private beach for a romantic break? Make dreams next weekends holiday plans with your Stacer and explore your local waterways for that ideal secluded spot.

PIONEERING

Look to the open ocean and long for adventure? Longing to explore and discover new untouched waterways? Embrace your inner explorer, Stacer will get you there.

R ADVENTURE

STACER.COM.AU <<

no matter what
your dreams may be,
Stacer has you covered!

WHY CHOOSE STACER

- + Wide Dealer Network
- + A Solid History
- + Strength & Durability
- + Value for Money
- + Extensive Range
- + Superb Design

A LIFETIME OF BOATING

At Stacer we are dedicated to providing quality products that deliver superior value and performance. We have over 40 years experience in boating and are a renowned leader in the aluminium boat industry.

NOT JUST A BOAT!

When you buy a Stacer, you get so much more than just a boat! As a Stacer customer, you're backed by our 3 year factory warranty for peace of mind. Stacer also has a network of over 60 qualified marine retailers nationwide, so you can feel confident knowing there is always a dealership nearby to assist with any service or warranty enquiries.

As a Stacer owner you can enjoy all the benefits of a stylish, dependable Australian made and owned product that represents all that is youthful and fun.

STACER TRAILERS

Cradle your pride and joy with a purpose built steel galvanised or aluminium Stacer trailer.

Each model has been perfectly matched with a Stacer trailer to make towing, launching and retrieving a breeze. Our trailers have been rigorously tested to withstand even the toughest journey, for more information refer to page 57.

KEEPING BOATING FUN!

At Stacer, we want to eliminate the hassle and make buying your boat FUN! Stacer's Ready2Go packages keep it simple, so you can get out on the water faster! Simply choose your favourite boat and then it is paired with the relevant Stacer Trailer and Evinrude outboard. Your package is then assembled, fitted and pre-rigged at the Stacer factory and covered by our 3 Year factory warranty, ready for your first outing!

EASY-FOLD REAR LOUNGE

Taking time out is even easier with our new 'Easy Fold' rear lounge. In one fluid motion the lounge folds down from being flush with the transom... so a comfy seat is never far away, and never underfoot!

■ OLD ■ ADDITIONAL SPACE

LOW PROFILE SPORTS DECK

Our new Low Profile Sports Deck combines a raised top deck with a low profile windscreen for an improved driving position and a modern, sportier look. The new LPSD is featured on Baymaster (excl 449), Easy Rider and Sportster models.

BIG BUNKS

Our new range of Stacer cabins are perfect for families and fishos alike; now with larger 6 foot bunks on 589 & 639 models, even more cockpit space and a larger more protected cabin design.

INNOVATIVE DESIGNS

Using the latest technology and innovative design Stacer produces a range of hull designs that deliver outstanding performance on the water.

EVO HULLS

We're proud of our new hull design, but we're also proud of our original EVO Hull which has a solid reputation for quality and reliability. Using a reverse chine design The EVO Hull continues to be used on many of our smaller models delivering superb stability and performance.

EVO ADVANCE

Stacer's new EVO Advance Hull brings a new height to boating adventure offering the perfect combination of storage, stability and rough water performance. Built on the foundations of the renowned EVO Hull, the EVO Advance Hull is our most advanced hull design.

PROLINE SPORTS HULL

The Proline Sports Hull is featured on the Proline range and sees the already wide beam of the Proline range come forward to the bow to provide superb stability for casting and the v-shape delivers a smooth ride.

SF SPORTS HULL

Exclusive to the SF Series models, the SF Sports Hull combines the sleek spray deflecting plate side sheets of the EVO Advance Hull with a concave high performing bottom sheet design. The result is a high performing hull that glides over the water and provides superb stability at rest. The hull also offers a unique tournament style transom with more usable space and storage.

EVO
ADVANCE

Sharper Entry, Smoother Ride

The EVO Advance Hull takes Stacer's design principals to a whole new level. Featuring the combination of a sharper bow design (1) and a deeper V (2) the EVO Advance Hull delivers a smoother ride and impressive overall performance.

Increased Space

The new transom of the EVO Advance Hull was designed to increase cockpit space and also make boarding easy by enclosing engine cables inside the transom keeping the boarding platform obstruction free.

■ The EVO Advance Hull delivers on average 200mm more internal space.

Gunnel Bump Rubber

Stacer's larger models are built tough with a Gunnel Bump Rubber to keep your paint in top condition. This rubber insert runs along the gunnels protecting your boat when pulling up at a jetty or coming alongside other vessels.

Level Flotation

Level Flotation is standard across the majority of the Stacer range, making our boats some of the safest on the water. Level Flotation enables Stacer boats to remain level and upright when swamped in calm water with passengers and cargo on board. For advice on whether your Stacer features Level or Basic flotation, contact your local dealer.

POWER FOR ANY NEED

PERFECT ENGINE CHOICE

Powering with an Evinrude E-TEC engine will give you even more time on the water.

You will benefit from Evinrude outboard engines low maintenance requirements - no dealer scheduled maintenance for 3 years or 300 hours - and superior fuel efficiency. And with class leading power and torque combined with greater control and handling, Evinrude offers enhanced outboard performance. Old Tech or E-TEC. The choice is yours.

Easy to own & operate

- No scheduled dealer servicing for the first 3 years or 300 hours.
- No break-in period of oil changes.

Clean & quiet

- Cleanest engine on the water.
- Quietest engine on the water.

Durability, quality & reliability

- Fewer parts. Fewer problems.
- S.A.F.E. system; which automatically switches your engine to protect mode in the unlikely event of loss of oil or overheating.

Power & performance

- Best in class acceleration.
- Best in class fuel-efficiency.

POWER FOR ANY BUDGET

MORE AFFORDABLE

When you buy a Stacer-Vortex Ready2Go Boat, Motor, Trailer Package you're buying a product backed and owned by Australia's largest Aluminium boat manufacturer.

With a Stacer-Vortex Package getting into boating has never been easier on the wallet. We're proud to say that Vortex engines are on average approximately 25% more affordable than a comparable outboard, so you can get into the boating package you've always wanted. Look no further than a Vortex outboard, backed by a 3 year warranty for peace of mind.

The Vortex range currently encompasses over 20 models with more still to come, starting with 2.5hp and ranging up to 40hp. Power your Stacer boating package with either a gutsy Vortex 2 stroke or fuel efficient 4 stroke engine in a tiller-steer or forward control configuration. The Vortex range also includes engines in a choice of manual or electric start.

For more information, specifications and images of the Vortex range visit www.vortexmarine.com.au

Vortex Warranty

Buying a boat is a big decision and can also be a big investment. With a Vortex outboard engine you receive value for money as well as peace of mind.

All Vortex engines are covered by a 3 year warranty backed by Telwater Australia's largest aluminium boat manufacturer. Telwater has over 20 years' experience in manufacturing and distributing Marine products. Now that's peace of mind!

3 YEAR WARRANTY

MORE FOR YOU

WWW.STACER.COM.AU

Stacer Build my boat

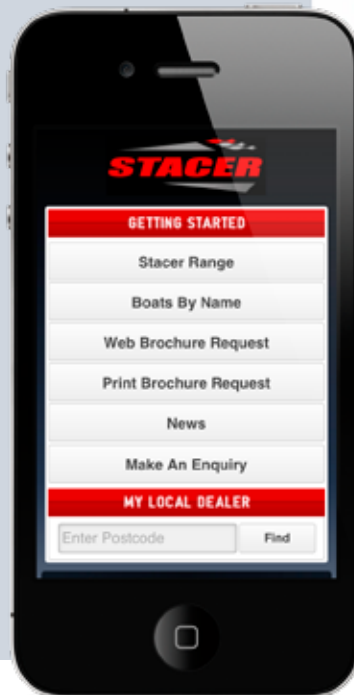

Design your dream boat with the new Stacer 'Build My Boat' function. Customise your chosen model with our range of options, colours, stripes and wraps and then submit your request for a quote with your local dealer. Be the envy of every fisherman on the water with your one of a kind custom Stacer.

Find and compare your Stacer

Feeling a bit unsure about which model will suit your needs? Use our 'Find Your Stacer' tool to narrow down your search. Fill in the number of people you would like the boat to accommodate and also the size of your ideal boat. Once you have narrowed down the search, you can compare the specs of the boats on your list.

Stacer out and about

Out and about and need some Stacer information? Not to worry, the new Stacer mobile site has everything at your fingertips. Scan this QR code to visit our website and look out for these throughout our catalogue.

More Online

There's more information than ever before on www.stacer.com.au with news, reviews and images galleries of each model at your fingertips.

OPEN BOATS

STACER.COM.AU «

Smaller Stacer open boats load easily atop 4WDs, utes, camper trailers and caravans without weighing them down and there's a boat in our range to suit any budget.

Stacer's open boats feature wide beams and high sides making them roomy and safe to operate. Our open boats are easy to drive, economical and handle well in a variety of conditions whatever your boating experience. Being aluminium they simply require a spray down with fresh water after use...
Until next weekend of course!

359 Seasprite

The small and mighty 359 Seasprite is lightweight and perfect for making short trips through estuaries and rivers.

369 Seasprite

Fitted with a glove box as standard, the 369 Seasprite is a small model with big value.

C // 359 SEASPRITE

D // 369 SEASPRITE

E // 379 SEASPRITE

F // 399 SEASPRITE

379 Seasprite

The 379 Seasprite has added length and beam giving more room for your boating gear. An upgrade from a smaller 'dinghy' with room to move and a faster planning speed, this little beauty is the boat for you.

399 Seasprite

The 399 Seasprite is a tough skinned open boat great for taking out in a range of waters. There is no missing the perfect catch in this stable ride.

429 SEAHORSE

FEATURED BOAT // A

429 Seahorse

The 429 Seahorse is the ideal model for exploring local waterways and with its high sides, beamy interior and 2mm bottomsides this model can reach tight corners with ease.

429 Rampage

The 429 Rampage is the rising star of Stacer's open boat range - this gutsy model has all the standard features on a keen fisherman's wish list including casting platform, carpeted low floor and side pockets.

B // 429 RAMPAGE

429 Rampage

- CASTING PLATFORM AND STORAGE
- LOW CARPETED FLOOR
- CARPETED FUEL TANK RACK

429 Seahorse

- CARPETED FUEL TANK RACK
- CARPETED FULL FLOOR BETWEEN SEATS
- ANCHOR GUSSET

449 Seahorse

The 449 Seahorse embodies all the benefits of an open boat: manoeuvrability, fuel efficiency and durability. Added size makes this boat suited to enclosed waters and open bays.

C //449 SEAHORSE

469 Seahorse

Take the family out for a great day on the water with the 469 Seahorse. This model can be optioned up with a fish finder so the perfect catch has nowhere to hide.

D //469 SEAHORSE

E //489 SEAHORSE

489 Seahorse

A step up in size the 489 Seahorse is a tough skinned open boat that offers a balance between internal work space and increased horsepower.

F //529 SEAHORSE

529 Seahorse

The 529 Seahorse is the biggest in the Seahorse range, with the largest beam of any Stacer open boat. This boat can hold its own in choppy water and is ideal for the skipper who needs the extra elbow room.

Standard = ✓ Not Applicable = ✗

These trailers are designed for use on sealed roads only and are not recommended for consistent off-road use. Measurements and weights are subject to variation.

Recommended trailer ATM's are based on standard boat and trailer weights, max motor weight and full fuel. Ensure that your particular requirements and intended use do not exceed these provisions. Placing the boat on a non-specified trailer may void boats warranty.

ALUMINIUM WIDE FRAME SERIES (TA1400S13SB)

IMPORTANT

The contents of this brochure will not form part of any contractual agreement. Stacer recommends that all persons comply with their local boating regulations and are familiar with safe boating practices. This brochure is designed to provide you with an introduction to the Stacer products. Stacer reserves the right at any time, at its discretion, and without notice, to discontinue or change the features, designs, materials, colours, specifications and the prices of its products, and to either permanently or temporarily withdraw any such products from the market without incurring any liability to any prospective purchaser. Details referred to in this brochure are based on pre-production specifications and could be altered or deleted prior to the boat's sale date. Because of variations which occur in manufactured products, all capacities, measurements, dimensions and weights quoted should be taken as approximates only and are subject to change. Every effort has been made to depict boat colours and trims as realistically as possible in this brochure, however some variation may occur due to printing limitations. Always consult with an authorised Stacer dealer for the latest information with respect to features, specifications, prices, optional equipment and availability before deciding to purchase. Stacer do not offer factory direct sales or prices. For updated specifications including warranty, please refer to the Stacer website: www.stacer.com.au
