

# STACER STRIKES A HOMIE RUN

By Alex Juliano

*Never one to rest on its laurels, Stacer Australia has recently released a whole new line-up of Proline Striker Series and Proline Angler Striker Series boats.*

## PROLINE STRIKER SERIES

Stacer has updated its successful Proline range with the release of the new Proline Striker Series which features Proline models 399-429.

The Proline Striker Series are great entry-level fishing tinnies as they are budget friendly but with nifty new-and-improved features.

Stacer National Account Manager, Drew Jackson, said the Prolines are already popular among entry-level fishermen and the new Striker Series is set to be an even bigger hit.

"If you want stable casting conditions, the Striker Series Prolines are for you.

"We have widened the chines on the newly-designed Striker Series hull for unbeatable stability at rest and under way.

"The new hull also provides a deeper entry point to ensure a soft ride and improved spray deflection to make sure you stay dry.

"Prolines are an Aussie fishing favourite and we expect to see lots of the new models out on the water this summer," Drew said.

The Striker Series features an innovative arrow-shaped bow design which has increased the cockpit size by 11%, thus adding plenty of fishing room.

The Proline Striker Series models are packed with practical standard features including: glove box, fitted drink holder, bow and transom handles and bench seat flotation. The optional bimini provides protection from the harsh Australian sun so you can enjoy even longer days out on the water.

Models 399-429 have enough room for five people with front and rear bench seats, making the Prolines the perfect boats to take out for a day on the water fishing with friends and family.

The Stacer Prolines are available as a package complete with boat, motor, trailer and come with three-year warranty for peace of mind.

Stacer 399 Proline Striker Review

Top: The new Stacer Proline 429 is a great entry-level fishing boat with wider chines and a deeper entry point to ensure a soft ride and improved spray deflection.

Above left: Looking good with a classy paint job, Proline 399 is a no-frills entry-level boat which has eye-raising stability for its length.

Above right: This the unpainted Stacer Proline 399. It showed exceptional riding and handling qualities given its size.

**Above:** The Stacer 409 Proline Angler is a brand new model in the range.

**Far left:** The bigger front casting platform of the 409 Angler facilitates heaps of storage space.

**Left:** The new bow design creates an 11% increase in storage space at the front casting platform as well as extra storage and stability.

**Below left:** The 409 Angler is not only longer but also wider and deeper than the previous Proline Angler 399.

**Right:** Both the 449 Angler (pictured) and the 419 Angler would make great barra boats and are sure to be a winner with the discerning Top End market.

**Below right:** It's all in the new hull design: the 429 Angler fits along nicely, even with four boys aboard.

### PROLINE ANGLER SERIES

Stacer has updated its successful Proline Angler series with the introduction of the Proline Angler Striker Series which features models 409-449.

The Striker Series hull design features wider chines creating a more stable ride at rest and underway, perfect for fishing off the casting platform.

You can guarantee a soft and dry ride as the new Proline Anglers feature a deeper entry point and improved spray deflection.

The new Striker Series bow design allows for the ultimate fishing experience with an increase in the casting platform size by over 10%.

Drew Jackson said the new design is a game-changer with more practical fishing features than ever before.

“With more storage than previous models, a roller anchorwell and an optional live well, the Proline Anglers really are the ultimate fishing machines.

“We have an exciting new rod locker option on the 409-449 Proline Anglers that features a single lift-up door for easier access and more storage than previous models.

“The Prolines Anglers offer the versatility anglers are after as they are designed for rivers, estuaries, creeks, dams and lakes,” Drew said.

The Proline Anglers come with everything needed for a day out fishing with standard features including: carpeted casting platform, two rod holders and a Stacer Sea Pro Seat.

Serious fishos can option up and personalise their boat from an extensive list of factory options, including a live bait tank with ample storage and a wide range of cutting edge vinyl wraps.

All Stacer boats are built tough and come with a three-year warranty for peace of mind.

The Stacer Proline Anglers are available as a package complete with boat, motor and trailer.

## STACER 409 PROLINE ANGLER

Due to customer demand, Stacer has released a brand new model in the popular Proline Angler range, the 409 Proline Angler Striker Series.

The 409 Proline Angler replaces the 399 Proline Angler and features an innovative hull design exclusive to the Striker Series.

The new Striker Series hull features wider chines which not only provide a smooth and dry ride but excellent stability at rest and under way, creating ideal conditions for fishing from the casting platforms.

The new bow design featured on the Striker Series creates an 11% increase in size in the front casting platform as well as extra storage.

The 409 Proline Angler is not only longer but also wider and deeper than the previous Proline Angler 399.

Stacer National Account Manager, Drew Jackson, said the 409 Proline Angler is an impressive new model and is fitted with everything needed for the ultimate fishing trip.

“The Striker Series has been designed for keen fishermen with a carpet casting platform, two rod holders and a Stacer Sea Pro seat all included as standard features.

“Fishos can now option up with a new 40L fuel tank and rear live bait tank to enjoy even longer days out on the water.

“A lot of research went into the new design and as a result we have created one serious fishing machine,” Drew said.

Like all Stacers, the 409 Proline Angler is built to last and comes with a three-year warranty.

The 409 Proline Angler is available as a package complete with boat, motor and trailer.
